ENV Cabin Wi-Fi password is 2503197805

Some quick items to note:

- There is no parking on the street outside the driveway. This is a public boat launch and must remain open at all times. Please abide by the signage and park all vehicles in the driveway.
- There is a fire pit on the property. Please check for fire bans before using it. The rules regarding campfire size can be found later in this booklet. The website is <http://bcfireinfo.for.gov.bc.ca/hprScripts/WildfireNews/Bans.asp>
For insurance reasons we cannot provide an axe or saw with the fire pit.
- The wood outdoor furniture is not allowed in the water or on the dock.
- The property is equipped with automatic sprinklers that start watering in the early AM hours. Anything left on the lawn will get wet at night.
- The lawn and yard maintenance workers typically maintain the property on Friday mornings. Please ensure all items are off the grass and you have cleaned up after pets if required.
- If you bring a pet you are required to keep it on a leash outdoors, ensure you pick up after your pet every time, and ensure it does not bother the other guests or neighbors.
- Storms can blow in very fast on the lake. Do not leave unsecured items unattended on the dock.
- There is wildlife such as raccoons and squirrels so please do not leave food or garbage outdoors. If you have a boat in the water there are otters in the area and we suggest you cover your boat at

night. If they get inside your boat they can make a large mess and/or cause damage that ENV will not be held liable for.

- All guests and visitors use the dock and buoy at their own risk. ENV Ventures does not accept any liability for loss or damage.
- There are cushions for the outdoor furniture and as long as it isn't raining we will have them installed upon your arrival. If it is going to rain we recommend removing them as they do take time to dry if they get wet.

BRITISH COLUMBIA CAMPFIRE REGULATIONS

Violating these regulations could cost you **\$1,150**.

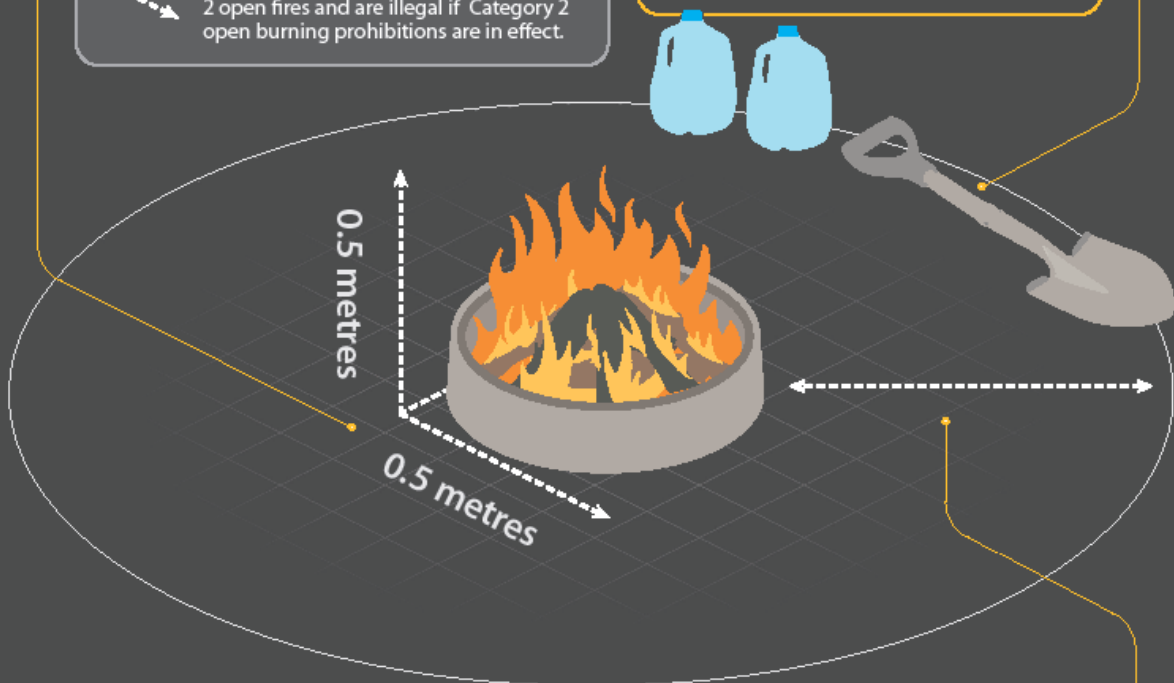

If a violation causes a wildfire, the person responsible may also be ordered to pay all firefighting and associated costs.

CAMPFIRE SIZE

A campfire is defined as a fire no larger than 0.5 metres high and 0.5 metres in diameter. Fires larger than that are considered Category 2 open fires and are illegal if Category 2 open burning prohibitions are in effect.

8 LITRES OR A HAND TOOL

You must keep at least eight litres of water or a hand tool on hand at all times while your campfire is lit.

PUTTING OUT YOUR FIRE

Before you leave the area for any amount of time, your campfire **MUST** be fully extinguished. The ashes of your fire must be cool to the touch.

FUEL BREAK

You must have a fuel break around your campfire. This area must be cleared of debris and anything combustible. It needs to be wide enough to stop the spread of the fire. A rock ring around the fire can also help prevent it from spreading.

You **MUST NOT** leave your fire unattended for **ANY** length of time.

Report wildfires, unattended campfires or violations of regulations by calling ***5555** on a cell or **1 800 663-5555** toll-free.

Fuel/Stores/dining on the water:

Little River Boat World (gas and store)

4km West on the South Shore

Shuswap Marina (gas and store)

8km East on the South Shore

Captain's Village Marina (gas and store)

5km East on the North Shore

Finz Bar and Grill (dining and gas)

12km East in Blind Bay – Reservations Suggested

There is also fuel on the water in Blind Bay, Anglemont, and at the floating store at Cinnemousun Narrows as well as many more Marina's around the lake.

Our favorite spots on the water

Copper Island Cliff diving – About 8km east on the water, the only Island in the big arm of the lake. A great place to watch or try climbing the cliffs and jumping into the lake.

Albas Falls Provincial Park – Located in Seymour Arm of the lake makes for a great boating/hiking day trip. Anchor your boat and follow the signs for a beautiful 2.2 mile hike around the falls. Take suitable hiking footwear and be sure to get gas at the floating store in the Narrows as there is no fuel on the water in Seymour Arm. After your hike you can get refreshed in the Seymour Arm Pub at the end of the arm.

Cinnemousun Narrows Provincial park – Located at the Narrows where the 4 arms of the lake meet the campground has public docks and washrooms and makes a great picnic destination. The floating store and restaurant are a great place to grab fuel and a snack/souvenir.

Some general notes about the House

- The couch on the ground level folds out into a hide-a-bed. Bedding for it can be found in the laundry room.
- When folding down the wall bed use caution as it is quite heavy. Ensure the support legs are folded under all the way before use. When folding it back up ensure the support legs are flipped over to secure the mattress to the frame for storage.
- To avoid cleaning charges please refrain from roasting marshmallows or cooking on the fire table or in the fireplace. They are not intended for this and it creates a mess that is very difficult to clean up.
- As the property is on a septic field we ask that guests refrain from excessive water use.

Some general notes about the cabin

- The stair ladder to access the loft can be folded in and out to save space. Ensure the hooks are safely locked in the eyes when up or down to prevent falling.
- Hot water in the cabin is provided by an electric water heater so there is a recovery time when used. Please allow time between showers for the tank to recover and to avoid a cold shower.
- As the property is on a septic field we ask that guests refrain from excessive water use.

Guest check-out expectations

As part of preparing for your departure we ask that you complete a few items to assist us in preparing for the next guests.

- Take out all trash to the garbage cans
- Place all used sheets and towels on the bathroom or laundry room floor. Leave the beds unmade as the cleaning staff will do the laundry and re-make the beds.
- If you have dishes in the dishwasher please run the dishwasher so they are clean and the staff will put them away.
- Remove any opened or perishable food items from the refrigerator and pantry
- Turn off all lights, fans and electronics around the home
- In winter return the heat setting to 58F and in the summer the A/C setting to 85F
- Lock the doors, close the windows
- Please sign our guest book and complete the suggestion sheet with any suggestions you have for us.
- Please depart by 10am so we may prepare the property for the next set of guests.
- Have a safe journey home!
